ORDER:

The Government have considered in detail the various resolutions passed at the Presidency Health Inspector's League meetings on 18.4.48 and 19.12.48 and they proceed to pass the following orders thereon:-

- (1) Appointment of an Assistant Health Inspector for every revenue firkā on a scale of pay of Rs. 60.3.90 and a Health Inspector for every taluk on a scale of Rs. 100-5-150-10-200.

- and (2) Discontinuance of the method of direct recruitment to posts of Health Officers.

These proposals are separately under consideration in connection with the resolutions passed at the last Health Officer's Conference.

- (3) Grant of increased special pay to Health Inspectors employed in Unhealth Localities.

The Government regret ^{their} inability to accede to his request.

- (4) Grant of Fixed Travelling Allowance to Health Inspectors working in Labour Camps and Hydro-Electric Schemes.

The Director of Public Health is requested to examine this question on the merits of each case and submit proposals as and when necessary.

- (5) Grant of increments in the time scale to Public Health staff employed purely on a temporary basis.

The Government are unable to agree to this-

- (6) Widening the scope of section 108 of the Madras Public Health Act to include the seizure and disposal of unwholesome food.

The Director of Public Health is requested

to submit detailed proposals in this regard for the consideration of Government.

- (7) Empowering Health Inspectors to issue Notices under sections 24. 28. 39 and 44 of the M.P.H. Act.

This question is also being considered separately in connection with the resolution passed at the Health Officer's Conference.

- (8) Setting apart of Poramboke lands for the deposit of manure etc. by the villagers.

The proposals is very g vague. The Director of Public Health is requested to explain the proposals in greater detail with information on the following points:-

(a) the scale on which land should be made available for the purpose in relation to the population etc. and

(b) if such land is not available already, whether the Collector should be approached for the transfer or acquisition as the case may be, of the required land. The possibilities of having Memorandum prepared by the Health Inspectors for all the villages for the purpose, should also be examined.

- (9) Additional pay to Health Inspectors posted for special duty during Fairs and Festivals and for epidemic duties outside their jurisdiction.

This request cannot be complied with.

- (10) Provision of Government quarters for the residence and office accommodation of Health Inspectors.

This proposal is also being separately considered along with the resolutions of the Health Officers conference.

- (11) Limitation of transfers of Health Inspectors to their native and adjoining districts.

The Resolution is addressed to the Director of Public Health and necessary action will be taken by him.

- (12) Revision of Pay of Health Inspectors.

The scale of pay of Health Inspectors was revised only recently in G.O. No. 4240 Public Health, dated 13.12.48 and the Government do not propose to reopen this question again at present.

- (13) Opening of avenues for promotion of Health Officer Inspectors.

This question has been considered by Government in great detail more than once and has been deferred. The Government do not propose to reconsider the question now.

- (14) Forwarding of application of Health Inspectors for employment outside the Public Health Department.

The request is addressed to the Director

of Public Health and the Government do not propose to take any action on this resolution.

(15) Revision of scale of pay of vaccinators.

The scale of pay of vaccinators has also been revised recently. The Government do not consider that any further revision of pay in their case is necessary.

(16) Permission to Local Board employees Vaccinators and S.Is. to join Health Inspectors League.

The request is negatived.

(17) Issue of general circular to Health Officers to provide for training in anti-malaria and compost work. *proper facilities to H.I.s to hold their periodical conferences!*

The request is negatived.

(18) Revision of the Syllabus for S.Is. to provide for training in anti-malaria and compost work.

The existing syllabus provides for this and the Government do not therefore propose to take any action on this resolution.

(19) Abolition of language test prescribed for Health Inspectors under the rules.

The request cannot be complied with.
